

Abdelrhman Magdy Abdo Mohamed

Frontend Developer

Phone: 01067711646

Email: abdomagdy888.aa@gmail.com

Address: Cairo, Egypt

Career Objective

Results-driven front-end developer with strong foundations in HTML5, CSS3, and JavaScript, looking to join a dynamic development team where I can apply my expertise in React and commitment to web accessibility standards while growing into a senior development role.

Work Experience

- **Freelance Frontend developer** **1/12/2023-Present**
 - Developed responsive and user-friendly web applications using HTML, CSS, JavaScript, and React.
 - Built reusable UI components and single-page applications (SPA).
 - Deployed projects and maintained code using version control tools

Education

- 2016 – 2020 Bachelor of computer science, Faculty of Computer and information, Kafr Elsheikh university.
GPA: 3 out of 4

Projects

-Food Ordering System

A full-stack web app for food delivery orders.

Technologies: Angular, TypeScript, .NET Core Web API, MSSQL, Bootstrap

-Amazon Project

Developed a responsive e-commerce website replicating core features of Amazon, including product listings, search functionality, shopping cart, and dynamic UI updates using JavaScript.

Technologies: HTML, CSS, JavaScript

-FreshCard

Online shopping app with full e-commerce features.

Technologies: HTML, JavaScript, React, Bootstrap, SQL Server

-GOLAND (E-commerce Platform)

A social media website and mobile app connecting handmade product companies with customers, promoting the revival of manual crafts.

Technologies: HTML, CSS, JavaScript, Angular.

BirdGame

A browser-based game built with JavaScript for simple and engaging gameplay.

Technologies: HTML, CSS, JavaScript

MovieSite

A responsive site for browsing and watching movie trailers, with cast info and showtimes.

Technologies: HTML, JavaScript, React, Bootstrap

Warehouse System

Store and inventory system for managing stock and product entries.

Technologies: C#, Windows Forms, SQL Server, Entity Framework, LINQ

Certificates

- 9 Months Internship Professional Web Development Information Technology Institute (ITI) **Aug 2022 – Jul 2023**
- **Frontend Course** (Russian Culture Center): Learn HTML, CSS and JavaScript to master front-end web development and offers a comprehensive understanding to aspiring front end developers on what goes into designing the style and user interfaces of websites **1/10/2021- 31/2/2022**
- **Embedded System Diploma:** Embedded system as a microcontroller-based, software-driven, reliable, real-time control system, designed to perform a specific task. It can be thought of as a computer hardware system having software embedded in its Course in Full Stack Development Track. **20/9/2020-31/3/2021**
